I need to change the background color of the div to green if a specified condition is true. (for ex: value > 3). Is it possible to set the background-color based on the condition? A: A simple way would be to add the styles directly to the . If you want to do it through jQuery, then the following code would achieve what you need: \$(div).each(function() { if(\$(this).data('value') > 3) \$(this).css('background-color', '#666666'); }); Q: Underground surface water in a city 570a42141b
