STAR WARS: Battlefront II (PC, PS3, Xbox 360)...This invention relates to a method of controlling the working time for material handling apparatus. In a material handling apparatus, generally the working time for the apparatus is fixed by a preset timer. The preset timer is a timer set so that it will cause a switch to be turned on at a preset time to apply power to the apparatus. Therefore, when the preset timer is set for high speed work, it is possible that when power is applied to the apparatus, the working time is not adequate for the working speed. Therefore, if the preset timer is set for a small time, it is possible that
